- We can understand that people will be happy on the earth when humanity as a whole is finally transformed, but meanwhile, is it possible for anyone to enjoy relative happiness?

"Most of the time, people are the artisans of their own unhappiness. If they would practice the law of God, they would spare themselves many misfortunes and enjoy a state of happiness that is as great as their existence on such a dense plane will allow."

- The Spirits' Book, q/a # 621
