– *Why are the most intelligent individuals, who display a highly evolved spirit incarnated in them, sometimes and at the same time extremely cruel?*

"It is because the incarnate spirit is not sufficiently purified; also, because the person yields to the influence of other spirits who are even worse. A spirit progresses in an imperceptible ascending forward progression, but this progress is not accomplished simultaneously in all senses. During one period a spirit may advance in knowledge; during another, in morality."

- *The Spirits' Book, q/a # 365*

*"Help those who make mistakes; your feet walk on the same ground, and even if you possess the possibility to correct them, you have no right to censure them."*
