Aug 09 – Living Together to Evolve: The Law of Society in the Light of Spiritism

@ 5 pm – Wendell Almeida

Join us in a reflection on the Law of Society, as revealed in The Spirits' Book by Allan Kardec, highlighting how human coexistence is not only necessary but essential for our spiritual growth.

Aug 16 – Seek and You Shall Find, A Spiritist Perspective

@ 5 pm – Daniel Santos

The presentation will analyze the sentence found in the Gospel of Matthew 7:7-8, "Ask, Seek, Knock," under the light of Spiritism.

Aug 23 – Free Will and Its Implications to Moral Growth

@ 5 pm – Julio Padovan

Free will has been debated extensively from many points of view. In Spiritism, particularly, it is perhaps the most poorly understood concept of all, with forced associations to one's rights and inherent freedom, both fallacious relationships that end up masking its true meaning and application. We do not attempt to redefine free will in this lecture, but rather reposition it within the Spiritist context by studying the differences between divine justice and human justice, followed by their respective implications to our decision-making ability and spiritual growth.

HELP YOURSELF AND HEAVEN WILL HELP YOU

Ask and it shall be given to you; seek and you shall find; knock at the door and it shall be opened to you; for whoever asks receives, and whoever seeks finds, and it shall be opened to the one who knocks at the door.

- Matthew 7:7-8

- Can spirits see everything we do?

"They can because you are constantly surrounded by them; nonetheless, they see only those things to which they direct their attention. They are not concerned about things that do not interest them."
